¡Viva La Gloria!

GREENDAY

[Intro]
E G#m A E

[Verse]
E G#m
Hey Gloria,
A E
Are you standing close to the edge?
E G#m
Look out to the setting sun
A B
The brink of your vision

E G#m
Eternal youth is
A E
A landscape of a lie
E G#m
The cracks of my skin can prove
A B
As the years will testify

[Bridge]
C#m G#m
Say your prayers and light a fire
A E
We're gonna start a war
C#m G#m
Your slogan's a gun for hire
A B
It's what we waited for

[Verse]
E G#m
Hey Gloria,
A E
This is why we're on the edge
E G#m
The fight of our life's been drawn to
A E...
This undying love

[Chorus]
E G#m
Gloria, ¡Viva La Gloria!
C#m
You blast your name
A
In graffiti on the walls
Am
Falling in broken glass that's
E B C#m
Slashing through your spirit
A B
I can hear it like a jilted crowd

E G#m
Gloria, where are you, Gloria?
C#m
You found a home
A
In all your scars and ammunition
Am E
You made your bed in salad days
B C#m
Amongst the ruins
A B
Ashes to ashes of our youth

[Verse]
E G#m C#m
She smashed her knuckles into winter (Gloria!)
A E B
As autumn's wind fades into black
E G#m C#m
She is the saint of all the sinners (Gloria!)
A E B
The one that's fallen through the cracks
A B
So don't put away your burning light

[Chorus]
E G#m
Gloria, where are you, Gloria?
C#m
Don't lose your faith
A
To your lost naiveté
Am
Weather the storm and don't look
E B C#m
Back on last November
A B
When your banners were burning down

E G#m
Gloria, ¡Viva La Gloria!
C#m
Send me your amnesty down
A
To the brokenhearted
Am
Bring us the season
E B C#m
That we always will remember
A B
Don't let the bonfires go out

[Outro]
A E
So Gloria,
A E
Send out your message of
A E B
The light that shadows in the night
A E
Gloria,
A E
Where's your undying love?
A E B
Tell me the story of your life
E – E – E – E - E
Your life!
